Efficient Photocatalytic Water Splitting under Visible and NIR Light Irradiation

报告人：Tetsuro Majima 教授

The Institute of Scientific and Industrial Research (SANKEN),
Osaka University

报告时间：2018年1月15日（周三），下午13:30

报告地点：化学馆 241

报告人简介：Dr. Tetsuro Majima is a senior editor of Langmuir. He is now working as a professor at the Institute of Scientific and Industrial Research (SANKEN), Osaka University. He has published more than 400 original papers, 70 reviews papers and 20 books, containing Nature chemistry、Nature communications、PNAS、JACS etc。

主要研究领域：His research fields fall in Photochemistry, Radiation Chemistry, Supramolecular Chemistry, Multi-laser Chemistry, Electron Transfer Chemistry, Biomolecular Chemistry, Single-molecule Chemistry.
